

PRODUCT SOLUTIONS CATALOGUE

Partnering with Rubbermaid Commercial Products is the best way to control the growing complexity you face every day managing your waste management, cleaning and hygiene needs.

FOR YOUR BUSINESS FOR YOUR PEOPLE

Receptionists. Teachers. Retailers. Warehouse workers, care providers and cleaning staff.

In changing times and evolving workplaces, we protect what's most important to you. And while keeping your people and your business safer, we look closer at reducing your costs, improving your sustainability and increasing your productivity.

Control the growing daily complexities you face in managing your hand hygiene, waste management and cleaning with a partner you can depend on, Rubbermaid Commercial Products.

BUY BETTER, WASTE LESS

To provide longer lasting safety, you need hand hygiene, waste and cleaning products that stand the test of time. No-one looks closer at what you need to deliver across every aspect of your facility, with durability central to how we design and manufacture every product. We're committed to delivering better cost in use and supporting your sustainability goals by creating the most effective, durable and dependable solutions for you.

WASTE MANAGEMENT

Improving recycling effectiveness has a positive environmental impact, helps facilities achieve sustainability initiatives, and can lead to cost savings. In-field trials that utilised coloured containers, labels, lids with stream-specific openings proved to increase recycling effectiveness.

BUY BETTER, WASTE LESS

At Rubbermaid Commercial Products (RCP), product durability is part of our DNA. Our waste management solutions are designed to stand the test of time, meaning less re-manufacture, less transport, and less storage than lower quality alternatives that frequently need replacing.

All of which is better for the planet.

By partnering with RCP for waste management solutions, you are encouraging your business to waste less and be more sustainable. Firstly, by using a highly durable product that lasts for years to come. Secondly, by encouraging your facility users to separate waste at the start of its journey, increasing recycling and reducing contribution to landfills. All our waste solutions come with long-term warranties that provide you with added peace of mind.

Step-On Containers

Safely collect waste with touch-free closed lid containers

SLIM JIM® STEP-ON CONTAINERS

1883575

- 1 REDESIGNED LID:**
New lid is made of additional resin and fully overhangs the base for better fitting
- 2 SILENT CLOSING SYSTEM:**
Quiet and controlled lid closure reduces noise
- 3 EASY TO MAINTAIN:**
Smooth surfaces & contoured edges are easy to maintain
- 4 HIGHLY DURABLE PEDAL:**
Large pedal has been tested up to 300'000 cycles

- Premium quality construction ensures product durability in highly demanding environments
- All Slim Jim Step On Containers come with a 5 year warranty for added peace of mind
- Tight-fitting lid has a controlled closure system to reduce noise
- Internal hinge design prevents wall damage
- Slimmer footprint container includes contoured edges and smooth surfaces
- Multiple sizes, formats and colours

CONFIGURE™ CONTAINERS

The Configure™ Decorative Waste Containers provide a recycling solution with sleek, smooth surfaces and contoured edges. This recycling system has a modern appearance that will fit seamlessly into any indoor commercial environment.

- Heavy-gauge steel recycling station with a damage-resistant powder coat finish features contoured edges and magnetic connections that keep receptacles perfectly aligned to one another for a professional appearance
- Rounded easy-glide feet allow the container to be moved efficiently while a colour-coded label and single stream open top reliably collect waste
- An easy-access front door with handle allows for ergonomic removal of materials from the recycler while an internal door hinge prevents wall damage
- Ships fully assembled
- Rigid plastic liner with handles has integrated cinches for knot-free bag changes and built-in venting channels that allow air to flow into the bin for easier disposal
- Label provides visual cues with colour, waste icons and text
- Provided with a 5 year warranty

STEP 1

SELECT THE RIGHT CAPACITY FOR YOUR SPECIFIC NEEDS BETWEEN 57L, 87L AND 125L

Each station includes the metal structure and an internal plastic rigid liner

STEP 2

CHOOSE THE LABELS THAT REPRESENT THE WASTE STREAM YOU WANT TO COLLECT

Each label includes the text, waste icon and colour

	 PLASTIC / PACKAGING	 PAPER / CARDBOARD	 GLASS	 GENERAL WASTE	 KITCHEN / FOOD WASTE	 LANDFILL	 MIXED RECYCLING
--	---	---	--	---	--	---	--

	PLASTIC / PACKAGING	PAPER / CARDBOARD	GLASS	GENERAL WASTE	KITCHEN / FOOD WASTE	LANDFILL	MIXED RECYCLING
UK							
GERMANY						/	/
NETHERLANDS						/	/
BELGIUM						/	/
FRANCE						/	
IBERIA						/	/
ITALY						/	/

STEP 3

ADD AN OPTIONAL BILLBOARD PANEL TO PROVIDE AN ADDITIONAL VISUAL CUE TO HELP WITH RECYCLING SORTATION

Choose the label that represents the waste stream you want to collect and matches the container label you have ordered

SLIM JIM® VENTED CONTAINERS

Enable easy waste management and reduce worker strain in any facility

- 1 ROBUST RIM HANDLES:**
Resists tearing and damage during lifting and moving
- 2 VENTING CHANNELS:**
Make removing liners 80% easier, improving productivity and reducing the risk of worker injury
- 3 BAG CINCHES:**
Secure liners around the rim of the container and allow for quick, knot-free liner changes
- 4 COMMERCIAL-GRADE CONSTRUCTION:**
High-quality resin material ensures product durability in highly demanding environments

- Slim Jim® Vented Containers are built to last. The venting channels, high quality resin, bag cinches and robust rim structure make a facility's waste management efficient, ergonomic and effortless
- All Slim Jim® Vented Containers come with a 10 year warranty

CLEANING

Keeping a facility that is extremely busy or sensitive to germs clean can be a real challenge. Whether you are cleaning an airport, a hospital or a school, your users' hygiene expectations need to be met.

Discover RCP's wide range of high quality cleaning solutions that are durable, cost-efficient and fit for any environment.

UNDERSTANDING MICROFIBRE

At its most basic, the term “microfibre” refers to a micro, or small, fibre made up of synthetic materials such as polyester, nylon or a combination of the two fibres.

The individual microfibrils are knit together to form cleaning tools that are able to trap microscopic particles and liquids within the intricate network of small fibres far more efficiently than larger fibres.

[View our white paper, “Defining MICROFIBRE: The HYGEN™ Differ](#)

Unable to be seen by the eye, **one fibre measures less than one denier**, the measurement for the linear weight or mass density of fibres.

HOW SMALL IS ONE STRAND OF MICROFIBRE?

Images below are magnified to demonstrate size comparisons.

HUMAN HAIR

COTTON FIBRE

MONOFILAMENT MICROFIBRE

BACTERIA

SPLIT-BLENDED MICROFIBRE

VIRUS

HOW IS MICROFIBRE MADE?

All microfibre begins with extrusion, which is the process of the shaping of a substance by forcing it through a mold.

HOW DOES MICROFIBRE WORK?

MICROSCOPIC FIBRES

Fibres trap microscopic particles, microbes, and liquids far more effectively than larger fibres by penetrating into the tiny grooves and crevices on a surface.

STATIC CHARGE

Most dust, dirt and bacteria have a negative charge and are naturally attracted to the positive static charge of the microfibre.

VS.

COTTON FIBRES

Cotton fibres are too large to fit into the tiny grooves and crevices, pushing around particles but not picking them up.

NOT ALL MICROFIBRE IS CREATED EQUAL

Studies published in peer-reviewed literature have demonstrated significant variability among different microfibre products in terms of absorbency, cleaning efficacy and microbial removal.

GRAMS PER SQUARE METER (GSM)

A measurement of the weight of a fabric. Higher GSM fabrics are typically thicker, more absorbent and more durable than lower GSM fabrics.

KNITTING PATTERNS

Knitting patterns impact the overall look and feel of a product and can affect durability, performance and intended use of the product¹.

LAUNDERING PERFORMANCE

Products that can withstand the CDC guidelines of using hot water and bleach are more effectively cleaned during laundering to help prevent cross-contamination and re-contamination of surfaces.

REMOVAL OF HARMFUL PATHOGENS

Third-party testing from an accredited laboratory is a critical step to help ensure products have been confirmed to remove harmful pathogens.

QUAT BINDING

Quat binding occurs when the common class of disinfectant, quaternary ammonium compounds, binds to product fibres. Quat binding occurs with all split-blended microfibre due to the nylon content, but the binding is significantly less than traditional products made with cotton. Polyester fibres do not bind with quat.

¹Smith DL, Gillanders S, Holah JT, Gush C. Assessing the efficacy of different microfibre cloths at removing surface micro-organisms associated with healthcare-associated infections. J Hosp Infect 2011; 78(3): 182-6.

COMPOSITION

SPLIT-BLENDED MICROFIBRE

The percentage of strands successfully split during the splitting process is critical to cleaning performance. Splitting creates 16 separate fibres which increases the surface area to optimize the capture of debris and microbes and absorption of liquids.

MONOFILAMENT MICROFIBRE

While no splitting occurs in monofilament microfiber, it still provides better cleaning performance than cotton. Monofilament microfiber made of 100% polyester is quat safe and often used in disposable products.

THE HYGEN™ DIFFERENCE

Third-party microbe removal testing

Split-blended microfiber products are split 16 times in over 95% of the strands

Dedicated in-house textiles engineer to support product development

10 unique microfiber tests performed on all products to ensure high-quality and performance

Laundered to industry standards using CDC guidelines of hot water and bleach

Combining superior microfibre with built-in scrubber technology, HYGEN™ Microfibre helps prevent cross-transmission and reduces the risk of healthcare-associated infections

HYGEN™ CHARGING & WRING BUCKETS

The Charging Bucket charges the microfibre mop pads with cleaning chemicals and is designed to prevent oversaturation.

DID YOU KNOW?

HYGEN™ Charging Buckets are designed to:

- Reduce cross-transmission when a fresh mop is used for each room or area
- Holds 10-20 microfibre damp mops
- Holds enough liquid to clean up to 23.23m²; fully loaded bucket can clean up to 464.5m²

FGQ95088YL00

FGQ90088YL00

HYGEN™ MICROFIBRE CHARGING BUCKET

- Bucket is designed with molded-in grates to prevent oversaturation of microfibre mops
- All-plastic bucket holds 10–20 microfibre damp mops
- A comfort grip handle makes the bucket easy to transport
- Buckets work with all Rubbermaid HYGEN™ Microfibre Cleaning Carts

HYGEN™ MICROFIBRE PAD PRESS WRING BUCKET

- Floor drain for fast emptying
- Press sieve provides easy, “no-touch” wringing
- Ideal for flat mopping

INNOVATION DESIGN

Patent-pending internal structure maintains consistent pressure on the surface being cleaned, even at the edges, and flexes back to original shape.

- Patent-pending internal structure maintains consistent pressure on the surface being cleaned, even at the edges, and flexes back to original shape.
- Proprietary flexible compound will not crack or split, even when used with bleach or peroxide
- Arc shape pulls dirt, hair, and debris toward the center to make debris pick up faster
- Use hand-held or with HYGEN™ Quick-Connect handles

SOAP & SANITISER

EDUCATION

Proper hand hygiene is important to preventing the spread of germs in high-traffic areas; 80%* of germs are transmitted by touch. Understanding the roles of soap and sanitiser and how they work together can help prevent illness.

Benefits of BIOCIDES PRODUCT REGULATIONS (BPR) - available on RCP Alcohol Plus hand sanitiser refills, proven to kill 99.99% of Germs, tested against EN 1500:2013 - Bacteria, EN13727: Bacteria, EN13624: Dirty conditions Yeast and Fungai, EN 14476 + A1: Virucidal activity**

*Keep Your Germs to Yourself! | Baptist Health, Bethany Chandler, Pharmacy Resident, BHMC-Little Rock. <https://www.baptist-health.com/keep-your-germs-to-yourself/>

**According to the standard this product is effective against ALL ENVELOPED VIRUSES under the conditions tested. Enveloped viruses include: HIV, coronavirus (e.g. SARS, MERS), Influenza, HBV, HCV, etc.

LEARN THE INGREDIENTS

Soaps and sanitisers are made up of a combination of ingredients to meet your specific needs.

SOAP:

Water + Surfactant + Fragrance / Dye / Moisturiser / Antibacterial

SANITISER:

Water + Moisturiser + Antibacterial / Alcohol

1 SURFACTANT:

Cleansing and foaming agent that removes dirt and germs

2 FRAGRANCE:

Clean with or without added scents

3 DYE:

Clean with or without added color

4 MOISTURISER:

Helps to keep skin hydrated

5 ANTIBACTERIAL:

Alcohol-free ingredient helps to kill germs

6 ALCOHOL:

Active ingredient used in alcohol-based sanitisers

KNOW THE DIFFERENCES

Soaps and sanitisers are available in different textures.

FOAM

- Dispenses in a light, airy consistency
- Lathers quickly for an easy hand wash
- Rinses easier to reduce drain maintenance

SPRAY

- Dispenses in a liquid consistency
- Thick lather for thorough hand coverage
- Easy to rinse

SOAP & SANITISER

FORMULATIONS

SANITISERS

ALCOHOL PLUS HAND SANITISER **Effective and fast-acting sanitiser**

Alcohol-based sanitiser available as foam and spray for a wide range of dispensers

- Kills 99.99% of many common germs
- Fast acting formulation, disinfects hands in 30 sec
- Bactericidal, virucidal and yeasticidal
- Tested against EN 1500:2013 - Bacteria, EN13727: Bacteria, EN13624: Dirty conditions Yeast and Fungai, EN 14476 + A1: Virucidal activity
- Contains 70% alcohol, in line with WHO recommendations
- Contains moisturising ingredients to help prevent skin dryness

AutoFoam & AutoFoam Lumecel dispensers / Flex dispensers / Spray dispensers

ALCOHOL FREE HAND SANITISER

Ideal for use in high traffic environments like schools, healthcare, industrial facilities and more.

Hand hygiene for anyone, anywhere, anytime

- Minimises risk of alcohol mis-use
- Kills 99.99% of common germs
- Fast acting solution that disinfects hands in 30 seconds
- Perfume-free solution minimises skin irritation risk and is non-tainting for food environments
- Contains moisturising ingredients
- Gentle, hypoallergenic formula

AutoFoam & AutoFoam Lumecel dispensers / Flex dispensers / Spray dispensers

SOAPS

MOISTURISING FOAM SOAP

Rich, gentle foam hand wash for everyday use

Light floral aromatic fragrance formula enriched with moisturisers to help prevent skin dryness

- Dermatologically tested
- Hygienically sealed refill
- High capacity refills deliver up to 3,250 hand washes for best cost in use
- Available for touch-free AutoFoam, Flex and Manual Foam dispensers

AutoFoam & AutoFoam Lumecel dispensers / Flex dispensers

FREE'N CLEAN FOAM SOAP

Caring to your skin and the environment

Dermatologically tested to gently clean hands and leave skin feeling smooth and conditioned

- Ecolabel certified, making it better for the environment and better for you
- Fragrance and dye free, to minimise skin sensitisation risks
- Enriched with moisturisers

AutoFoam & AutoFoam Lumecel dispensers / Manual Foam dispensers

ANTIBACTERIAL FOAM SOAP

Enhanced foam soap for a higher level clean

Antibacterial soap that kills germs, ideal for facilities looking for added peace of mind.

- Kills 99.99% of common germs, fully tested and proven to be bactericidal, virucidal and yeasticidal
- Fast acting solution that disinfects hands in 30 seconds
- Contains moisturising ingredients
- Gentle, hypoallergenic formula

AIR CARE

Enhance the perception and reputation of your facility with RCP's full line of air care solutions. Our dispensing solutions blend into the washroom environment, attack odours at the source, and release fresh-smelling fragrances to create the ultimate sense of cleanliness.

DISPENSING SOLUTIONS

One of the first things people notice when entering your facility is the smell. Whether it is the lobby area or a washroom, high quality Air Care products will give your employees and visitors a cleaner and safer feeling. RCP's passive and active Air Care Systems deliver cost-effective odour control with flexible programming, a variety of refills and world class reliability.

AIR CARE REFERENCE GUIDE

Use the following guide to choose the best fragrance dispensing system for your facility:

DISPENSER TYPE	DISPENSING SYSTEM	DISPENSING TECHNOLOGY	POWER SOURCE
ACTIVE	MICROBURST 3000	MICROBURST FINE MIST TECHNOLOGY	ALKALINE BATTERIES (2 C-CELL)
ACTIVE	MICROBURST 3000 WITH LUMECEL	MICROBURST FINE MIST TECHNOLOGY	LUMECEL TECHNOLOGY; NO BATTERIES
PASSIVE	TCELL	HYDROGEN FUEL CELL TECHNOLOGY	BATTERY-FREE

*except MicroBurst 3000 with Lumecel Technology

ACTIVE

- Aerosol system relies on valve-actuating mechanism to dispense fragrance automatically
- Programmable dispensing options reduce refill maintenance and waste
- Requires batteries for operation*
- Includes helpful battery and refill life indicators

PASSIVE

- Natural air movement dispenses fragrance
- Operates without batteries
- Non-aerosol system does not include propellants or added volatile organic compounds (VOCs)

REFILL LIFESPAN	ROOM SIZE COVERAGE	SPRAYS PER REFILL	MAIN BENEFIT
UP TO 90 DAYS OR 3 MONTHS	169m ³	3,000	SMALL, COMPACT DESIGN
UP TO 90 DAYS OR 3 MONTHS	169m ³	3,000	REQUIRES NO BATTERIES
60 OR 90 DAYS, OR 2 / 3 MONTHS	169m ³	N/A	NO PROPELLANTS OR ADDED VOC'S

FRAGRANCE

EDUCATION

Fragrance can reinforce the feeling of cleanliness and freshness in the washroom; 77%* of facility users that experience a business with unpleasant washroom smells leave with a negative perception of the business. RCP offers a full line of air care options that can help you create a positive experience.

LEARN THE COMPOSITION

Fragrances are made up of three main “notes” that help to create a blended scent.

- 1 TOP NOTES:**
Also known as “head notes,” serve as the first impression you get from the fragrance.
- 2 MIDDLE NOTES:**
The “heart,” or main body of the fragrance, that gives the fragrance its character.
- 3 BOTTOM NOTES:**
The base, which tends to be heavier and fuller, giving the fragrance its strength.

*Source: The State of Air Care, Initial Hygiene, 2017

KNOW THE FRAGRANCE FAMILIES

RCP's fragrance options fall within six distinct fragrance families, based upon their scents:

FLORAL

Characterised by:

Radiant scents, such as rose, jasmine, and violet; green scents, which are reminiscent of freshly cut grass, leaves, and stems.

FRUITY

Characterised by:

Luscious fruity scents, such as apple, pear, plum, mango, peach, and melon.

CITRUS

Characterised by:

Invigorating and uplifting scents, such as lemon, mandarin, and other citrus oils.

HERBAL

Characterised by:

Powerful, aromatic herbal scents, such as rosemary, mint, coriander, lavender, and sage.

FOUGÈRE

Characterised by:

Masculine scents, such as lavender, moss, and woods.

GOURMAND

Characterised by:

Mouth-watering, edible scents, and sweet, comforting vanilla.

WHAT SETS RCP FRAGRANCES APART

Traditional air fresheners only camouflage malodours; all of RCP's fragrance options have Microtrans[®] technology, which attacks and effectively eliminates unavoidable odours in the washroom. Thus, completing two jobs in one – removing odours and creating fresh-smelling environments.

MICROTRANS ODOUR NEUTRALISER TECHNOLOGY

Locks onto malodour molecules to neutralise the odour.

TCell™

Battery-free Passive
Odour Control System

TCELL™ 1.0 DISPENSERS & REFILLS

1817146

1 ONLY PASSIVE SYSTEM DELIVERING CONSISTENT FRESH SMELL FOR FULL 60 DAYS

Unlike competitor products, the TCell 1.0 patented fuel cell maintains a consistent output of fragrance over the life of the refill.

2 IDEAL FOR ALL SPACES

Range of fragrances for washroom environments as well as office space, hospitality and education facilities.

3 BATTERY-FREE OPERATION

Passive fuel cell technology consistently delivers odour-neutralising fragrance without the need for batteries.

TCell 1.0 is a discreet and effective passive air freshening system for an all day, every day fresh environment. It utilises advanced fuel cell technology to deliver a precise, timed dose of high-quality fragrance for up to 60 days.

- Only passive system delivering consistent fresh smell for a full 60 days.
- Cost-effective air care solution that instantly enhances the image of any environment.
- Range of 7 user-preferred fragrances for any environment.
- Modern design, silent and battery-free operation.
- One dispenser covers up to 169m³ (3 to 4 toilets cubicles in a washroom environment).

New Housekeeping Cart Innovations

Confidential

Key Innovations in RCP Cart Design

RCP's latest housekeeping cart design addresses critical needs identified through extensive research and field visits. By enhancing organization, maneuverability, and aesthetics, we've created **a solution that elevates efficiency and satisfaction for housekeeping professionals.**

Existing RCP Housekeeping Carts

- Legacy Design
- 4 Casters Total; 2 Swivel and 2 Fixed Casters
- Molded In Stick Good Holders
- Vacuum Wire Holder
- No Designated Workspace
- No Designated Organization for Amenities
- Glass Rack Storage Below Cart

New RCP Housekeeping Carts

- **Updated Cart Design**
- **Improved Caster Maneuverability:** Now with a total of 5 casters (2 swivel, 3 locking). The 3 adjustable locking casters allows users to switch the cart between fixed and swivel and fully lock the cart stationary when needed.
- **Improved, Modular Stick Good Holders** (now with five vs. four)
- **Improved Vacuum Holder**
- **Designated Workspace** (on full-size carts only)
- **New Ergonomic Handle:** Encourages an even grip to better control movement of cart.
- **Up to 27% More Top Surface Area Storage**
- **Additional Deep Tower Storage:** Provides the largest lockable cabinet capacity.
- **Additional Modular Shelves:** Now with room for 2 shelves for better organization.
- **Optional & Flexible Storage Options for Glass Rack**

Confidential

Full Size Housekeeping Cart

New SKU #: 2202581 | Previous SKU #: FG618900BLA

LARGER TOP SURFACE AREA STORAGE:

Over 20% more top surface area storage than the previous cart model.

NEW ERGONOMIC HANDLE:

Newly designed handle encourages an even grip to better control movement of cart.

NEW DEEP STORAGE AREA:

With the new, additional deep tower storage, users have 11% more internal storage space.

UPDATED SIDE LOAD LINEN BAG:

Improved design features vinyl bag and zip to better protect linens. Increases capacity for clean linens without the need for a larger cart.

IMPROVED STICK GOOD HOLDER:

Now with five stick good holders, users can easily access stick goods without additional effort.

IMPROVED VACUUM HOLDER:

Durable and sturdy vacuum holder ensures vacuum will stay in place on cart.

NEW BUMPERS:

Impact-absorbing and non-marring bumpers are designed to reduce costly wall damage.

ADJUSTABLE & LOCKING CASTERS:

5 swivel casters allow for improved maneuverability of the cart. The new 5th locking caster allows users to switch between fixed and swivel. The other 2 total lock casters allow users to lock the cart from rolling when unattended.

All RCP New Housekeeping Carts are backed by a category leading warranty.

Compact Housekeeping Cart

New SKU #: 2202585 | Previous SKU #: FG619000BLA

NEW ERGONOMIC HANDLE:

Newly designed handle encourages an even grip to better control movement of cart.

MORE LOCKABLE STORAGE:

Users now have 25% greater lockable cabinet capacity compared to the previous compact RCP model.

ADJUSTABLE & LOCKING CASTERS:

5 swivel casters allow for improved maneuverability of the cart. The new 5th locking caster allows users to switch between fixed and swivel. The other 2 total lock casters allow users to lock the cart from rolling when unattended..

IMPROVED STICK GOOD HOLDER:

Now with five stick good holders, users can easily access stick goods without additional effort.

UPDATED SIDE LOAD LINEN BAG:

Improved design features vinyl bag (compared to previous mesh material) and zip to better protect linens. Increases capacity for clean linens without the need for a larger cart

IMPROVED VACUUM HOLDER:

Durable and sturdy vacuum holder ensures vacuum will stay in place on cart.

NEW BUMPERS:

Impact-absorbing and non-marring bumpers are designed to reduce costly wall damage.

All RCP New Housekeeping Carts are backed by a category leading warranty.

Confidential

Full Size Housekeeping Cart w/ Hood & Doors

New SKU #: 2202587 | Previous SKU #: FG9T1900BLA

UPDATED HOOD DESIGN:

Provides added security and helps to hide amenities and supplies. New model features stay-open design.

UPDATED SECURITY LOCKS:

Allows user to lock both the hood and doors with one shared lock, enabling supplies locked up while cart is unattended.

MORE LOCKABLE STORAGE:

Users now have 20% greater lockable cabinet capacity compared to the previous full-size RCP model with hood and doors.

3
YEAR
LIMITED
WARRANTY

All RCP New Housekeeping Carts are backed by a category leading warranty.

Includes same standard features as the Full Size HK Cart model.

Housekeeping Cart Accessories

The below accessories can be purchased individually.

Cleaning Caddy

New SKU: 2202586 | Prev. SKU: 1880994

The previous SKU will be discontinued and replaced with the new caddy.

- Conveniently fits on most housekeeping carts
- Flat sides and bottom fit all different types of cleaning supplies or amenities
- Ergonomic, molded carry handle provides comfortable fit and makes transport easy
- New black color hides marks or dirt that commonly get on cleaning tools

Amenity Organizer

New SKU: 2124078 | Prev. SKU: N/A

No previous SKU.

- Store and organize your cleaning equipment and accessories
- Made of molded durable high-grade resin; stronger than wood and acrylic trays
- Removable partitions can be reconfigured to create up to 11 sections

9-Pocket Organizer

New SKU: 2202582 | Prev. SKU: FG9T9000BLA

The previous SKU will be discontinued and replaced with the new organizer.

- Designed to increase productivity by providing extra organization
- Securely fastens cleaning tools to cart with loops that snap
- Straps fit most carts with 1.5" diameter handle.
- Compatible with all RCP Housekeeping and Janitorial Carts

Side Load Linen Bag

New SKU: 2202526 | Prev. SKU: 1966889

The previous SKU will be discontinued and replaced with the new bag.

- Increases linen capacity by 3.7 Bushels to reduce trips to the linen closet.
- New zipper feature keeps linens secure in the bag and on the cart.
- New vinyl bag design better protects linens vs. previous mesh material.

A man wearing a black long-sleeved shirt, dark trousers, and a high-visibility orange safety vest is pushing a large black Rubbermaid BRUTE wheelbarrow. The wheelbarrow is filled with several cardboard boxes and has a red frame with two large grey wheels and a smaller front wheel. The scene is set in a large warehouse with high ceilings, metal shelving units filled with boxes, and a polished floor. A yellow safety barrier is visible in the background.

MATERIAL- TRANSPORT

SORTIMENTSÜBERSICHT

AUF LANGLEBIGKEIT AUSGELEGT

Langlebige Transportlösungen für hohe Ansprüche

Mit Materialtransportlösungen, die auf langfristige Leistung ausgelegt sind und herkömmliche Alternativen am Markt übertreffen, unterstützt Rubbermaid Commercial Products Unternehmen dabei, Kosten zu senken, Mitarbeitende vor Verletzungen zu schützen und ihre Nachhaltigkeitsziele zu erreichen – mit Produkten für den langfristigen Einsatz.

Dieser Fokus auf Langlebigkeit hilft Ihrem Unternehmen, langfristig wirtschaftlicher zu investieren und unnötige Ausgaben durch weniger haltbare Alternativen zu verringern. Wir sind von der Qualität unserer Produkte so überzeugt, dass wir langfristige Garantien auf alle unsere Wagen geben – für das Plus an Sicherheit und Zuverlässigkeit.

ABFALLTRANSPORT

Da Abfälle an vielen Stellen innerhalb Ihres Betriebs anfallen, müssen sie gebündelt und zu Ihrer zentralen Sammelstelle gebracht werden, wo sie dann abtransportiert werden können.

Unsere robusten Wagen mit hoher Kapazität wurden ergonomisch entwickelt, um den Prozess für Ihre Reinigungs- und Wartungsteams so effizient und komfortabel wie möglich zu gestalten. Gleichzeitig helfen wir Ihnen dabei, Abfallsorten zu trennen, um Ihre Recyclingquote zu maximieren.

SCHWERLAST-PLATTFORMWAGEN

Bewegen Sie schwere Lasten mit weniger Kraftaufwand. Entwickelt für Langlebigkeit, hohe Wendigkeit und einen effizienten Materialtransport in anspruchsvollen Arbeitsumgebungen.

BESCHRÄNKTE
GARANTIE

PLATTFORMWAGEN

GEBAUT FÜR LANGLEBIGKEIT UND LEISTUNG.

Maximieren Sie die Produktivität in jeder Umgebung, indem Sie große und schwere Materialien sicher und effizient bewegen.

HOCHBELASTBAR

Erhältlich in Größenvarianten mit Tragfähigkeiten von 453–907 kg für die effiziente Bewegung schwerer Lasten Innerhalb Ihres Betriebes (abhängig von der Größe).

LEICHT ZU BEWEGEN

Ausgestattet mit zwei Bockrollen und zwei Lenkrollen für bessere Manövrierfähigkeit.

ERGONOMISCH

Der Griff mit variabler Höhe verbessert die Kontrolle und erhöht die Sicherheit der Arbeitskräfte.

ROBUSTE OBERFLÄCHE

Die strukturierte Plattformoberfläche auf Harzbasis reduziert die Rutschgefahr und verhindert Verziehen, Verbeulen, Splintern, Rost und Fäulnis. Pulverbeschichteter Stahl sorgt für eine harte Oberfläche, die widerstandsfähiger ist als herkömmliche Materialien.

SICHERER TRANSPORT

Vier eingegossene Befestigungsschlitze zur Sicherung der Ladung mit Zurrgurten oder Gummispannern.

PERFEKT FÜR

- TRANSPORT SCHWERER UND GROSSER LASTEN
- FÜR ALLE UMGEBUNGEN

KIPPWAGEN

Die Kippwagen von Rubbermaid Commercial bieten eine robuste, langlebige Konstruktion und eignen sich ideal für den effizienten Transport unterschiedlichster Lasten in jeder Umgebung.

BRUTE® KIPPWAGEN

Dank der industrietauglichen Konstruktion lassen sich schwere Lasten von 385–952 kg mühelos transportieren (abhängig von der Größe). Der DuraTilt™-Rahmen ermöglicht das kontrollierte Entleeren durch eine Person. Verstärkte Ecken verhindern Kratzer und Farbübertragung auf den Boden beim Entleeren.

ERHÖHTE BELASTBARKEIT

Dank der industrietauglichen Konstruktion lassen sich schwere Lasten von 385–952 kg mühelos transportieren (abhängig von der Größe).

DURATILT™-RAHMEN

Ermöglicht, dass der Kippwagen in der gekippten Position stabil bleibt, was den Entlade- und Reinigungsprozess einfacher macht als bei herkömmlichen Metallrahmen.

FLEXIBILITÄT

Absorbiert Stöße, kehrt in seine Form zurück und lässt sich auch auf engem Raum leicht manövrieren.

VERSTÄRKTER SCHUTZ

Verstärkte Ecken verhindern Rost am Rahmen, Kratzer und Farbübertragung auf den Boden beim Entladen.

LEICHT ZU REINIGEN

Die glatte Oberfläche ist leicht zu reinigen und beständig gegen Lochfraß und Korrosion. Das Gehäuse ist auslaufsicher.

LANGLEBIG

Mit pulverbeschichtetem Stahlrahmen für Korrosionsbeständigkeit.

PERFEKT FÜR

- BEWEGEN SCHWERER LASTEN
- TRANSPORT VON ABFÄLLEN
- FRONT- UND BACK-OF-HOUSE-BEREICHE
